

# Hopkinsville Kentuckian.

VOL. XXV.

HOPKINSVILLE, KENTUCKY, FRIDAY, FEBRUARY 27, 1903.

NO. 17.

## Like Mist Before The Rising Sun!

Our enormous stock of Tobacco Canvas is melting away. Our farmer friends are beginning to realize how low our prices are and orders are pouring in by telephone and by mail.

## Here Are Our Prices

And we vouch for it. The quality is far better than the price would indicate.

1c	Full Yard Wide	Poor Quality
2c	"	" Good
2½c	"	" Better
3c	"	" Extra
3½c	"	" Very Best

*Get Anderson Bros.*

*Hopkinsville's Greatest Store.*

## DON'T BE FOOLED

OUR  
**\$37.50**  
...BUGGIES

Have more wear and tear, and look better than any other cheap buggy on the market. They are put up better and have better material in them than you will get in anybody else's \$50.00 buggy, to say nothing of their cheaper ones. We fully guarantee them for twelve months. All we want is a chance to show you this job.

## We Have a Full Line of High Grade Buggies

And Can Save You Big Money on Them.

## WE BEAT THE WORLD ON RUBBER TIRES, ONLY \$10.00!

For 7-8 heavy two-wire Kelly or Goodyear Rubber Tires, THE BEST ON THE MARKET. We can give you the same tire in 3-4 for \$7.50 per set. Can you beat these prices? No, you cannot; neither can you get anything like as low prices on buggies, quality considered, as we will give you.

**F. A. YOST & CO.**  
207 South Main St.

## ONLY FIVE DAYS MORE!

### Miss Ware Makes Another Gain This Week.

### Miss Baker's Friends "Jess Laugh" and Look Confident.

### Something Sure to Happen In the Grand Final Finish.

### HAVE YOU VOTED? IF NOT YOU BETTER HURRY.

There has never been anything like it in the history of journalism in Hopkinsville. The Governor's race, the Judge's contest and everything else is now a side issue and will be until next Wednesday at 4 o'clock. Coupons are coming in, delinquents are paying up and even the children are discussing the outcome. It is no longer a contest between city and country. Miss Ware is getting many votes from all over the county and Miss Baker has a strong "organization" right here in town.

One of the contestants blushing denies that the furniture will be used to go to housekeeping. The other so far has "said nothing." Which one has entered the denial, we will not say until this time next week. It might detract from the sentimental aspects of the case. Right here, we want to again assure both sides, for it is now a finish fight between two young ladies, that the contest has been and shall be absolutely fair and impartial. We will furnish information to both sides as to who takes the paper and who does not, who has paid and who has not.

The count will be made by Mayor Jett Henry and County Judge W. T. Fowler, who will certify to its fairness.

The ballot-box is carefully guarded and all yellow or paid ballots have a private mark on them so they cannot be imitated. Coupons of course, cut from the

paper, cannot be duplicated and each counts one vote. The yellow ballots for paid subscriptions count 20 for every dollar.

Since last Tuesday about 1,400 ballots have been cast. Of these Miss Ware got 481, Miss Baker 382, Miss McKee 169, Miss Day 136, Miss Broady 126, and Miss Grace Butler, of Bainbridge, 15 votes.

Many visitors are calling at Pyle & Garnett's to see the \$110 set of furniture. It will be delivered to the winner on Friday March 6.

The vote up to noon yesterday stood as shown below. The last statement will be published next Tuesday. Then all is secret to the close.

Miss Tony Ware, city.....	6438
Miss Alberta Baker, Julien.....	6032
Miss Essie Day, Crofton.....	3491
Miss Daisy Rice, city.....	2826
Miss Bessie Russell, city.....	1356
Miss Addie Broady, city.....	1157

Miss Grace Butler, Bainbridge.....	15
Miss Jackie West, Beverly.....	7
Miss Dickie Pace, Herndon.....	2
Miss Johny Knight, county.....	1

### HEAVIEST OF SEASON

Were Loose Sales This Week and Receipts Good.

The loose sales of tobacco on the floor by E. M. Wooldridge & Co. this week were the heaviest of the season and prices were very satisfactory all round. On Tuesday a very large quantity of the weed was disposed of and on yesterday the sales were still larger.

Cask sales on the breaks, together with private sales, were 37 hogheads. Sales for the year, 400 hogheads. Receipts for the week, 288 hhds. Receipts for the year, 2,920 hogheads.

### Victim of Measles.

The little six-year-old son of Mr. James Morria, who lives on the Buttermilk road a few miles north of the city, died Tuesday of measles.

### Christian County's Assessment.

The recapitulation of the county's assessment for the present year shows a grand total of \$9,213,830 worth of taxable property, an increase of \$618,630 over last year.

### MRS. DORA LYNN,

Formerly of Hopkinsville, Dies in St. Louis.

News has just been received here of the death of Mrs. Dora Lynn, in St. Louis.

Deceased was the widow of John W. Lynn, once a prominent lawyer of Hopkinsville, and was a sister to Mr. O. S. Brown, of Crofton, and the late C. M. Brown. She was raised near Crofton and she and her husband moved to Emporia, Kan., about 25 years ago. After the death of her husband Mrs. Lynn moved to St. Louis, where she had since resided. She was about 50 years old and is survived by two daughters.

The remains were taken to Emporia and placed by the side of those of her husband.

### In The Hands of P. A. & G.

The estate of Tancy Hall has been referred to D. E. Fowler, public administrator and guardian, for administration and settlement.

### OPENS CAMPAIGN.

Col. Robert J. Breckinridge Speaks at Stanford.

He Declared That Gov. Beckham Was Not Eligible to Succeed Himself.

Stanford, Ky., Feb. 23.—Former Attorney General Robert J. Breckinridge made the opening speech of his campaign for the Democratic nomination for Governor here today. He made the claim that the nomination was due him from the fact that he was kicked out of the office of attorney general, to which office he had as clear a title as Governor Beckham or any other of the State office holders. He said the ousting of him from office was an outrage on the Democratic party.

The speaker devoted considerable time to attacking the eligibility of Governor Beckham for re-election. He declared that he had studied the question thoroughly and he had no doubt whatever of Beckham's ineligibility to succeed himself. He said that the constitution was clear on the fact that no governor could succeed himself in office. Col. Breckinridge will speak at Frankfort on March 2 and invites Col. Hendrick and Gov. Beckham to meet him. He says he wants to meet Gov. Beckham above everything else.

### BIG FLOOD FEARED.

Ohio River Ten Miles Wide and Still Rising.

Much land sowed in wheat in Illinois and Indiana has been overflowed by the Ohio river, which is still rising. The rise is not rapid, but steady, and some old river prognosticators say it will stay up until March, when rains will set in and cause the biggest flood ever known in the Ohio Valley. The Ohio in places between Evansville and Paducah is from eight to ten miles wide.

### BUSH AT CROFTON.

Has an Appointment to Speak Saturday.

Judge C. H. Bush has an appointment to speak at Crofton Saturday afternoon, the 28th, at 1:30 o'clock and extends an invitation to Judge Cook to accept a division of time. It is understood that Judge Cook will be present and that the speaking will be a joint discussion.

### BEGINNING TO BUZZ.

Candidates and Friends of Candidates On the Wing.

Advance Guard of State Aspirants Strike Hopkinsville This Week.

Mr. John B. Chenault, of Richmond, Democratic candidate for Auditor, was in town this week and says his prospects for success are very bright. Nearly everybody here knows Mr. Chenault, and he has but little opposition in this county.

Col. Jack Chinn was in town Wednesday and at Pembroke yesterday in the interest of his son, Morgan Chinn, steward of the People's Mind Institute, who is a candidate against Robt. L. Green for Clerk of the Court of Appeals. Col. Chinn made many friends here, but he found nearly everybody for Bob Green.

Senator J. Campbell Cantrill, of Georgetown, was here this week in the interest of his friend, Mr. T. T. Hedger, who is a candidate for Commissioner of Agriculture.

Hon. R. C. Crenshaw, candidate for Commissioner of Agriculture, was in town Wednesday.

### WILL TAKE THE STUMP.

To Defend Himself From Judge Cook's Charges.

Mr. James B. Allensworth, who was referred to by Judge Cook in his speech Monday and later by a local paper, as having been in a combination to get Judge Bush to run, will take the stump to defend himself and to assist Judge Bush in his canvass. He will speak at one or two places in South Christian this week, and promises to throw some light on "combinations" in general. He promises to use some very plain language in his speech.

### PETITION DISMISSED

In Case of Cadiz Railroad Company Against Roach.

The Court of Appeals reversed the judgment in the Trigg Circuit Court in the case of the Cadiz Railroad Company against C. J. Roach, and directed dismissal of the petition. Roach sought cancellation of a contract allowing the railroad company right of way through his farm.

Hopkinsville, Ky.

## COAT SET ON FIRE.

Att'y Stanley's Experience With Phosphorus in Damage Suit.

Henderson, Ky., Feb. 21.—The Hon. A. O. Stanley, leading attorney for the defense in the Hays-Haag damage suit, now in progress here, had a peculiar and exciting experience late last night.

In an attempt to destroy the Hotel Henderson by fire last June, a bottle of bisulphide of carbon, with phosphorus dissolved in it, was used by the incendiary. This bottle was used as evidence in the damage suit, which grew out of the arrest of H. A. Hays on a warrant issued by H. Haag, charging him with the crime. Mr. Stanley and the bottle in his pocket when the cork came out, and immediately Mr. Stanley's clothing caught fire. He quickly removed his coat and immersed it in water, but as soon as it was removed from the water it would take fire again, and not until all the phosphorus was destroyed did he succeed in extinguishing the flames. The garment was entirely destroyed.

## Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or an attack of influenza, and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by C. K. Wily, druggist.

## Kentuckian Killed.

Walter Woods, a young Kentuckian, was killed by Wm. Brannon, of Jamestown, Tenn., in a resort near Albany, Ky. Brannon, who was arrested, claims it was an accident.

## Cure Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband sank rapidly in three months; the doctors said he had quick consumption. We procured a bottle of Ballard's Horchound Syrup and it cured him. Since then we have always kept a bottle in the house. We cannot do without it. For colds and colds has no equal." 25c 50c and \$1 a bottle at R. C. Hardwick.

**Report of Insurance Department.**  
The report of the Kentucky Insurance Department shows that during last year the total premiums received in the year aggregated \$3,406,519 and the losses \$1,725,688.

## Stock Panic.

A panic in Wall Street involving millions of dollars, is no more nerve racking than the panic which seizes a man when he realizes that he is hopelessly in the grasp of constipation, or any other form of stomach or bowel trouble. Dr. Caldwell's Syrup Pepsin is the only guaranteed cure for these troubles. For sale by all druggists.

## Caused By the Coal Weather.

The recent cold weather and the increased price of coal is estimated to have cost the people of Louisville \$3,000 more a day for coal supply than usual.

## Are You Restless at Night

And harassed by a bad cough? Use Ballard's Horchound Syrup. It will secure you sound sleep and effect a prompt and radical cure. 25c 50c and \$1 at R. C. Hardwick.

## Died of Hydrophobia.

Tessie Poulter, a five year old girl in Mercer county, died of hydrophobia, the result of a dog bite sustained seven months ago.

Coughs and colds, down to the very borderland of consumption, yield to the soothing healing influence of Dr. Wood's Norway Pine Syrup.

## Froze to Death.

Hiram Burton was frozen stiff standing up in a ditch near French Lick, Ind.

**Are You Sick?**  
Dr. Hagar's Kidney Pills cure all kidney troubles. Ask, Hagar's Kidney Pills, Chicago or N.Y.

## BREAKERS AHEAD.

A Bust-up in the Louisville Machine Causes Trouble.

Beckham's Forces at Frankfort at Sea—Likely to Lose Big Campaign Fund.

Frankfort, Feb. 23.—There is consternation in the Beckham ranks here tonight over the break in the Beckham machine in Louisville, and the indications are that it will play smash with the slate which Beckham heads. Information from a reliable source reaches here that there has been a serious rupture between the Beckham forces in the metropolis; one side is headed by Aaron Kohr and the other by John Whallen. Heretofore Kohr and Whallen have been working together for the Beckham forces in the metropolis; that over slate and it is reported that \$67,000 was raised in that city for the purpose of putting the Beckham slate through. The rumpus in Louisville was caused by local matters and the war between the Kohr and Whallen factions will be carried into the state race, and with the \$67,000 withdrawn from the support of Beckham the slate will go to pieces and it will be doomed to defeat.

The exposure that is sure to follow the Louisville break will cause a revolution of sentiment in Kentucky against Beckham, who is alleged to have made terms with an element in Louisville who fought the late William Goebel to the end. Unless the machine can bring the Louisville factions together, revelations will follow that will explain a number of newspaper deals in Western Kentucky. The Beckham forces are caucusing tonight and they seem to be at sea.

Hendrick's chances are improving every day and the ring is greatly alarmed at the lively interest that is being taken in his forthcoming speech here next Monday.

It was the intention of the Beckham crowd to have the young governor to go to Owensboro today, but they heard that Hendrick would be there and he did not go. His visit to Mt. Sterling last week failed to enthrone his followers, reports from that section are disappointing to them.

## Point Well Taken.

Chairman Allie Young, of the Democratic State Committee, is into boiling water up to his chin. He wants to know now if there are not enough loyal Democrats in each county to hold the primary election without cost. While there is no doubt that Ballard county would do her part in a matter of this kind were it necessary, there appears to be no necessity for such a donation on the part of the people, if we understand it correctly, and ample funds have been raised by assessing each candidate for office for defraying all expenses of the primary election. If we are right, Chairman Young should be in hot water plumb over his head, for he is asking the people to do something for nothing that the candidates have already been assessed to pay, without even making a promise as to where the money raised is going to. This free scheme should have been thought of before the assessments were made, but even now we favor it if the assessments are taken off. This would give all the poor fellows a chance and be right in line with old-fashioned democracy—a very necessary thing in Kentucky politics just now, if we are any judge of small matters.—Ballard Yeoman.

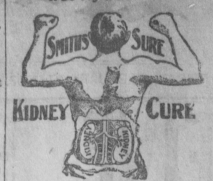

## Kentucky Fairs.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

## IS YOUR LIFE WORTH 50 CENTS?

If So Try a Bottle of

We defy the world to produce a medicine for the cure of all forms of kidney and bladder troubles, and all diseases peculiar to women, that will equal Smith's Sure Kidney Cure. Ninety-eight per cent. of the cases treated with Smith's Sure Kidney Cure that have come under our observation have been cured. We sell our medicine on a positive guarantee, if directions are followed, and money will be refunded if cure is not effected.  
Price 50 cents and \$1.00. For sale by C. K. Wily.

## Man Drowned.

Fulton, Feb. 23.—A man supposed to be Robert Moody, of Jackson, Tenn., fell from a trestle here into a flood of water and was drowned. His body was recovered.

Mrs. J. F. Pennebaker, aged 74, died to-day of cancer of the stomach.

## A Texas Wonder.

HALL'S GREAT DISCOVERY.  
One small bottle of Hall's Great Discovery cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame back, rheumatism, and all irregularities of the kidneys and bladder in both men and women, regulates bladder trouble in children. If not sold by your druggists, write for mail on receipt of \$1. One small bottle is two months' treatment and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis Mo. Send for testimonials. Sold by all druggists and T. D. Arnold, Hopkinsville, Ky.

## READ THIS!

Hopkinsville, June 7.  
This is to certify that I was troubled with kidney and bladder disease for three years and found the Texas Wonder, Hall's Great Discovery, which has given me positive relief, and I think a permanent cure.  
Jas. M. Hargis.

## Waived Examination.

Hawesville, Feb. 23.—The two men arrested Saturday for passing one dollar bills raised to ten waived examination to-day when presented for trial. Their real names are R. L. and C. L. Williamson and they are from Ohio county.

Do not wait until you or some of your family are sick right up to death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It can always be depended upon even in the most severe and dangerous cases. For sale by C. K. Wily, druggist.

## Argument Under Way.

Henderson, Feb. 23.—The argument in the Hays-Haag damage case is in progress. Bitter speeches on both sides are being made. Malcolm Yeaman closes for the defense to-morrow.

## The Doctor's Picture.

The likeness of W. B. Caldwell, M. D., is on every bottle of the genuine Dr. Caldwell's Syrup Pepsin. Accept no other. Take it for constipation and as a regulator of the stomach and bowels. 50c and \$1 for sale by all druggists.

## Mine Superintendent Dead.

Madisonville, Feb. 23.—Louis Feger, for fifteen years superintendent of the Rienecke mines, died in an Evansville sanitarium of stomach troubles.

## Be an Immune.

As by vaccination you may become immune from Smallpox, so by taking Dr. Caldwell's Syrup Pepsin you may become immune from all stomach and bowel troubles. 50c and \$1. For sale by all druggists.

## Broke Jail.

Ambrose Nickles broke jail at Bedford, Ind., for the fourth time, three other prisoners going with him.

**CASTORIA.**  
The Kind You Have Always Bought  
Bears the Signature of

## Oldest Legislator Living.

David Wark, in his 100th year, claims to be the oldest legislator living. He is a member of the Canadian senate.

**Cure Your Bowels With Castoria.**  
Cure Colic, Cholera, and Diarrhoea. For Sale by all Druggists.

## A SIGNBOARD DISPLAY.

Curious Exhibition Made at Paris—Competitive Designs Offered.  
The 200 competitive signboards on view at the Hotel de Ville interest and amuse Paris, says London Truth. This exhibition has been got up by M. Detaille, who is tired, he protests, of the uniformity of modern Paris, and imagines that if shopkeepers could be induced to hang out "signs," as in former times, there would be less cause for complaint. Would there? We have already l'art de l'affiche, which is charming when reduced to the proportions of the quarto volume, but frightful when spread out to the size of American placards on boardings.

The old-fashioned signboard arose out of the general conditions of the time in which it flourished. If one then sent a servant fresh from the country on an errand to M. Dupont, the silk mercer, or to Mlle. Mallarme, the modiste, in such a street, the messenger could not find the shop, because he would not read; but if the mistress said: "Go to the sign of 'la Belle Arlesienne,'" or to that of "le Chapeau Fleuri," there would be no danger of not being able to deliver the message.

Only persons of good means knew how to read and write, though in Paris schools of design were so numerous that nearly all the working-class population knew how to draw, and to draw well. The milliner's assistant could sketch the head of a lady setting up to fashion with a hat or bonnet placed on it such as the former proposed to furnish. It was of the greatest importance to make clever sketches of this kind. The French are still a visual people, but must have been to an extraordinary degree in the eighteenth century. What spoke to the eyes carried away gentle and simple, but especially the latter. Signboards to accomplish the objects of those who hung them out had to catch the eye and hold it, to be simple, clear, striking and to answer exactly to their names. There could be no mistake about a belle marchande de poisson, or a peche miraculeux, or le carpe et le lapin, or le d'o, or l'ours blanc, or le renard et la poule. Houses in front of which the pictorial signs swung seldom rose higher than a first floor and an attic. The ground was low, the streets were narrow, and had benches which greatly added to their picturesqueness, and if the houses devoted to commercial purposes were often mean-looking, their great variety gave them a kind of charm which the signboard enhanced.

The eye is now surfeited with l'art de l'affiche, illuminated advertisements, advertising vanishing pictures, advertisement vans, and placards, to take in a sign of old-fashioned proportions and character. The three best at the Hotel de Ville exhibition would, if hung out over shop doors, be scarcely noticed. They are: "Au Fin Gourmet," by Trucet; "L'Ane Rouge," by Willette, and "O Pti Cien," by Gerome. "Au Petit Mouquaire," by Detaille, is too complex, too subtle, too overlaid with details. The eye has to take in rose bushes, a stone vase and a stone balustrade, or which the Petit Mouquaire is seated in a coquettish attitude. It has to take in the white outspread wings that, sprouting from his shoulders, form a background, and the tree behind them. Nothing hits the eye or amuses. "Au Fin Gourmet," on the other hand, strikes, is easy to remember, and is very amusing. We see a flock of white geese that have just come to a copper steamp. The utensils excite the curiosity of some, alarms others, and gives rise to an anserous convulse. There is an intuitive idea among them that it is their fate to be stewed in that saucen which is funnily conveyed. "The Red Donkey" is merely a donkey's head looking out through a round aperture and baying. "O Pti Cien" represents a dear little wad that represents the image of misery as it fait le beau, or "begs." A pair of spring eyeglasses are over the dog's head. This sign is for an optician's shop.

## Spiders and Wasps.

In a late interesting account of spider life Dr. Dallinger describes the ruthless destruction by the ichneumon fly and by certain wasps. The young of certain wasps can live only on live spiders and the mother wasp, therefore, renders the spiders powerless by her sting—after which they can live a month—and then deposits them in the cocoon where she has placed her egg. On hatching out, the wasp grub feeds on the bodies of the living spiders. Another wasp deposits her eggs in the body of the spider, which is then buried alive and is fed upon by the wasp grub.

## HARMLESS SNAKES.

A cough is more dangerous than a snake, because there are some snakes that are harmless and there is no cough that is not dangerous. Yet the very people who kill any snake on sight, on the general principle that it might be deadly, let a cough alone on the theory that perhaps it won't kill them. Hundreds of thousands of men and women have paid with their lives for the neglect of a slight cough.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, weak and bleeding lungs and other diseases of the organs of respiration, which, if neglected or unskillfully treated, terminate fatally in consumption. "I feel it my duty to give my testimonial in behalf of your great medicine," writes Mr. John T. Reed, of Jefferson, Jefferson Co., Ark. "When I commenced taking Dr. Pierce's Golden Medical Discovery I was very low with a cough, and would at times spit up blood. I was not able to do any work at all, was weak and my head was dizzy. The first bottle I took did me so much good that I had faith in it and continued until I had taken twelve bottles. Now I do not look like nor feel like the same man I was a year ago. People were astonished and said they did not think that I could live. I can now do anything I wish, and I feel that I had it not been for your wonderful 'Discovery,' I would have died."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing. Judged by its cures there is no other medicine "just as good" as Dr. Pierce's Golden Medical Discovery, for coughs, weak lungs and other diseases of the organs of respiration.

Dr. Pierce's Pleasant Pellets cure constipation. They do not hurt the pill habit.

## Marble Works.

Is a positive cure for Roup or Swelled Head in poultry.

## VOTING CONTEST.

Elegant Prize to be Given to the Most  
Popular Lady in Christian County.

To Be Determined by a Vote  
of Kentuckian Sub-  
scribers.

A VOTING contest was begun August 29, for six  
months, to determine by popular vote the most  
popular lady in Christian County. To the lady receiving  
the highest number of votes, we will present an elegant  
set of bedroom furniture, now on exhibition at Pyle &  
Garnett's. It is of quartered oak, of the finest make and latest  
style, and is worth \$100. The contest will close at 12 o'clock  
noon, Thursday, March 4th, 1903. The plan will be as follows:

Every subscriber to the Kentuckian who pays back dues or  
cash in advance will be entitled to cast one vote for each five  
cents paid. That is to say, a subscriber who pays \$2.00 will  
have 40 votes, one who pays \$1.00 will have 20 votes and so on  
for any amount large or small. In every paper published there  
will be a coupon and these coupons when cut out and brought or  
sent to the office will represent each one vote. A subscriber  
will also have the privilege of gathering up coupons clipped by  
friends from their papers and voting them one at a time, or by  
the hundred if preferred. One will also have the privilege of  
buying papers at the office at five cents each and voting the  
coupons cut from them.

The coupon ballots will be deposited in a ballot box with  
two keys. One of these keys will be held by County Judge W. T.  
Fowler and the other by Mayor Jowett Henry. The box will be  
opened not oftener than once a week, all ballots then in it taken  
out, counted and certified to, sealed up in an envelope and  
replaced in the ballot box. The envelope will contain a state-  
ment of the votes in it, so that its contents will not need to be  
counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited  
without showing them, so that the close of the contest may be  
secret and exciting to the end.

OFFICIAL BALLOT  
ONE VOTE

FOR  
In the Kentuckian's Most  
Popular Lady Contest  
Aug. 29, to March 4, 1903.

## A Brief History of the Grange Organizations

As Given in a Paper Read by George W. Cary, From a  
Hard Struggle to Brilliant Success.

I SHALL not attempt to go  
into the details of the organ-  
ization and development of  
the Patrons of Husbandry in  
an exhaustive manner, but  
rather in a superficial way,  
to give some ideas concern-  
ing the characters of the men who  
were its founders and of the manner  
of its development as well as its diffi-  
culties through which it has passed.  
The idea of this order originated in  
the head of a Minnesota farmer, O. H.  
Kelly by name.

The seasons of '92 and '93 were ex-  
ceedingly dry in Minnesota, causing  
Mr. Kelly to turn his attention to  
other channels than farming for sup-  
port. Accordingly, he laid down the  
shovel and hoe and took up the pen.  
His articles were received with favor  
in the newspapers, but he not being  
in harmony with this work, welcomed  
an appointment to a clerkship in the  
department of agriculture at Wash-  
ington, where he spent the summer  
of 1894, returning to his Minnesota  
farm in the spring of 1895. In the  
fall of 1895 he was recalled to Wash-  
ington and was appointed to a clerk-  
ship, the object of which was by in-  
vestigation to regain the statistics  
relative to the agricultural and min-  
eral resources of the south, which had  
been discontinued during the war.  
While traveling in the south he was  
greatly impressed with the lack of  
harmony which existed between the  
people of the north and south, and it  
was with the idea of establishing kind-  
ly feelings between the people that  
the formation of this organization  
first occurred to him. Mr. Kelly was  
a mason, and was greatly aided in  
this work by members of that frater-  
nity. To some of these, as we shall  
presently see, he made known his plan,  
also to his niece, Miss C. A. Hall,  
of Boston, and on a visit to her in the  
spring of 1896 she proposed that if  
such an organization was formed  
women should be admitted to full  
membership. So we must give to  
them the credit of inserting into the  
organization that feature which makes  
it preeminent among social organiza-  
tions.

The following summer Mr. Kelly  
spent on his Itasca (Minn.) farm, but  
received an appointment to the post  
office department in January, 1897.

Thus far no real work had been done  
upon the order. It had merely been  
talked about, principally between a  
Rev. John Tribble, Mr. Kelly and Miss  
Hall. During the following summer,  
Mr. Kelly made the acquaintance of  
W. M. Ireland, who was chief clerk of  
the finance office of the post office de-  
partment and was also a prominent  
member of the masonic order.

The idea of the organization was  
broached to Mr. Ireland and was re-  
ceived with such encouraging effect  
that Mr. Kelly penciled out a plan for  
the ritual, which manuscript was for-  
warded to Miss Hall for her criticism.  
During the summer a William Sam-  
uels, another mason, was taken into  
confidence, and from the position  
which he held in the department of  
agriculture, and from the opportunity  
which soon came to him of attending a  
meeting of the United States Pomo-  
logical society, where he in a quiet way  
promoted the organization, he procured  
himself a valuable adjunct to those in-  
terested, and through his efforts An-  
son Bartlett, of Madison, O., still an-  
other mason, who had been interested  
and aided materially in its development.

So far the proposed term to be ap-  
plied to the local organizations had  
been "lodges," but Mr. Bartlett ob-  
jected to this term, as there exists in  
the minds of some a prejudice against  
anything under the name of "lodges,"  
and he very wisely suggested "granges,"  
as this was to be an organization of  
farmers, some name derived from or  
applied to the cultivation of the soil  
would be more appropriate, and he sug-  
gested "gardens" or "vineyard" for  
these local organizations, and Inde-  
pendent Farmers was the first name  
which he proposed for the order. From  
this a general discussion was opened  
relative to name, and in place of  
"lodges" such names were suggested  
as "fields," "farms," "beehives," "gar-  
dens," "grove," "arbor," etc., and we  
might suggest right here that perhaps  
the term "beehive" would be more  
appropriate for some of these modern  
"lodges."

Various names were also proposed  
for the order, among which were In-  
dependent Order of Progressive Farm-  
ers, Knights of the Plow, Knights of  
the Plow, Lords of the Soil, Brethren  
of the Vine, Temples of Industry, Com-  
panions of Labor, etc., etc.

About this time, with a view to ascer-  
taining the views of some of the lead-  
ing horticulturists in different parts  
of the country, 300 circulars were got-  
ten out and forwarded to them. The  
result was very encouraging re-  
plies and several more lively corre-  
spondents. At this period of its car-  
eer, the idea of the founders was to  
make advancement through the dif-  
ferent degrees a matter of study. The  
passing from one degree to another  
was to be something parallel with the  
advancement from one grade to an-  
other in school. Several months might  
perhaps be necessary to gain a thor-  
ough knowledge of the studies of one  
degree. But this idea did not obtain.

In November of this same year, 1897,  
Bro. Kelly proposed the name of  
"League of Husbandry" for the order,  
and "granges" instead of "lodges."

The word "grange," which means  
"farm," was taken from a novel ad-  
vertised about that time. Anson Bart-  
lett proposed the name of "Patrons  
of Husbandry" for the order, upon the  
receipt of which proposal Mr. Kelly  
substituted "husbandry" for "indus-  
try," evolving the terms "Patrons  
of Husbandry" and "Grange."

So far no organization had been  
made, but work on the ritual, cere-  
monies of installations and dedication of  
halls was progressing, and it was not  
until December 4, 1897, that the Na-  
tional Grange was organized, with  
W. M. Ireland as master. On January  
7, 1898, a special meeting of this Na-  
tional Grange was called, to which the  
master and two members responded.  
Bro. Ireland was instructed to orga-  
nize a subordinate grange, which was  
to be a school of instruction under the  
direct supervision of the National  
Grange. This grange was to be known  
as Potomac grange, No. 1, and every  
member was expected to make himself  
familiar with every part of the work,  
so that when called upon he could fill  
any position.

On the evening of January 8, 1898,  
the first meeting of this first subordi-  
nate grange was held in a room on  
North street, Washington, D. C., up to  
this time the idea of the founders  
of the order had been to have an or-  
der of three degrees, but this now was  
entirely changed, for new plans, con-  
sisting of seven degrees, as we now  
have it. The seventh degree (Demeter)  
was taken from an ancient association  
which once flourished in the south, and  
to this time the idea of the founders  
of the order had been to have an or-  
der of three degrees, but this now was  
entirely changed, for new plans, con-  
sisting of seven degrees, as we now  
have it. The seventh degree (Demeter)

# Fine Farm for Sale!

just returned from an examination of it and pronounces it "a fine money-making farm and cheap at the price asked." The improvements are all first class. The house has both hot and cold water, most of the barns are new or nearly so and nowhere in the United States can you buy a place so cheap, quality of land, improvements and general surroundings considered, as this. If you are interested and feel that you cannot undertake the whole deal yourself, get some one to join you, and you can all make money. This property is going to be sold right and quick, so if you want it step up before an outsider comes in and gobbles it up. Full particulars exclusively given by addressing

Also the farm of Z. T. Bogard, 193 acres, 3 miles from Hopkinsville, and two others in Trigg county owned by same party will be sold cheap.

## MAJ. J. O. FERRELL

**Stricken With Severe Stroke of Paralysis.**

**Lies Critically Ill at His Home—His Son at His Bedside.**

Maj. J. O. Ferrell, principal of Hopkinsville High School, was stricken with paralysis at ten o'clock Tuesday night and his condition is very critical.

He had taught school as usual during the day and after supper was taken with a headache and retired early. About ten o'clock he called to Mrs. Ferrell and upon going to him she found him trying to rise but unable to do so. His physician was sent for and found one entire side paralyzed and the sufferer has since been in a half-conscious condition.

His son, Prof. Clifton C. Ferrell, of Oxford, Miss., who is a professor in the University of Mississippi, was wired and arrived yesterday morning.

Maj. Ferrell has conducted Hopkinsville High School since September 1873, almost 30 years. Of late years it has been a select limited school for young men. He now has twenty pupils, one half of whom board with his family. The school is temporarily suspended, but by next week an arrangement will most probably be made to resume with a substitute teacher, pending Maj. Ferrell's disability.

He is not liable to be able to do any more active work, should he recover, but may be able to direct matters to some extent until the close of the present session.

Maj. Ferrell is one of the most useful and beloved men in Hopkinsville. He is now in his 71st year and nearly half of his life has been spent in Hopkinsville. He was a confederate soldier with a record for great bravery and devotion to the "Lost Cause."

He is superintendent of the Baptist Sunday School and his place in that position will be very hard to fill.

In all the walks of life he has been upright, honorable and faithful.

Hundreds of middle-aged men all over Kentucky have been his pupils and in many cases he has taught fathers and sons. Some of his present pupils are sons of his former pupils. He is greatly beloved now only by his old "boys," as he always calls them, but by the entire community.

His wife and son have the sympathies of all in their trouble.

### PEACHES KILLED.

**The Zero Weather Did the Work of Destruction.**

Unless there are some dormant buds to show themselves hereafter, the peach crop has been destroyed, at least in such localities as Hopkinsville.

Several persons who have examined the trees say all of the buds appear dead or apparently so.

The warm days preceding the blizzard had caused the buds to swell and they were in no condition to stand a severe freeze.

This will cause great regret, as there were no peaches last year. The peach crop is getting to be very uncertain in this part of the country. There has been only one full crop in five years, and two total failures not counting this year.

### A Child Sent to the Pen.

Frankfort, Ky., Feb. 25.—Stanley Griggs, aged ten years, has been received at the penitentiary from Larue county. He will be transferred to the Lexington reform school.

## Here and There.

Dr. Yates fits glasses.

Ham sacks now on sale at this office.

Buy your ham sacks at KENTUCKIAN office.

Registered Jersey bull fee \$1.

Mrs. Mary Burton, of Graves county, is dead at the great age of 112 years.

Wild Goose Liniment cures rheumatism and neuralgia. 25c at all druggists.

Have your furniture repaired and mirrors resilvered now. It will be cheaper than after the spring rush begins. W. A. Woods.

An Indianapolis man who has been married four times is accused of killing the first three and trying to murder the last one.

STRAYED—2 year old black and white bull. White swith. No ear mark. Black ears. Telephone, see or write to W. P. Winfree, Hopkinsville, Ky.

Mr. Drake, of Detroit, the new wash man of the Hopkinsville Steam Laundry, is certainly turning out the finest work ever done in the city.

### BEGAN YESTERDAY.

**Farmers' Institute Now in Session at Pembroke.**

The Farmers' Institute is in session at Pembroke. The institute began yesterday and will close this evening. Prof. C. E. Dudley, superintendent of the Pembroke Public Schools and President of the Commercial Club at that place, delivered the welcoming address, which was responded to by Mr. L. B. Nall, Commissioner of Agriculture. The institute is being conducted under the auspices of the State Bureau of Agriculture and the Pembroke Farmers' Club. The attendance on yesterday was quite large and a much larger crowd is expected to-day. A most excellent program is being carried out.

### VICTIM OF HEART DISEASE.

**Dr. Edward Hobbs Luckett Dies at Owensboro.**

Owensboro, Ky., Feb. 25.—Dr. Edward Hobbs Luckett, one of the most prominent physicians in Western Kentucky, died at his residence here. He was suddenly stricken with heart disease about ten days ago and since that time his death had been momentarily expected.

For almost fifty years he had practiced his profession here and had built up a large and lucrative practice.

Dr. Williams' Patent.

Dr. M. W. Williams, of this city, has been granted a patent for improvements in a steam feed-cooking apparatus.
